

# VirtualArmour Receives Registered Trademarks for CloudCastr from United States Patent & Trademark Office

March 5, 2019

CENTENNIAL, Colo., March 05, 2019 (GLOBE NEWSWIRE) -- VirtualArmour International Inc. (CSE:VAI) (OTCQB: VTLR), a premier cybersecurity managed services provider, has obtained official registration of its trademarks for CloudCastr®, the company's proprietary client portal.

The United States Patent and Trademark Office has accepted the trademarks for both the name and representative logo of CloudCastr, and has issued VirtualArmour a registration certificate (Reg. No. 5,673,767) for the name "CloudCastr" and a registration certificate (Reg. No. 5,673,768) for the CloudCastr logo.

CloudCastr Logo

"These registered trademarks protect our rights to the CloudCastr name and logo, which have become important assets of our managed cybersecurity services platform," said Russ Armbrust, CEO of VirtualArmour. "CloudCastr's easy-to-use visual interface allows our customers to be alerted to and understand network threats in real-time, and it helps them to take appropriate steps to mitigate any impact. The CloudCastr name and logo has become recognized by our clients as representing the best-in-class solution for this critical mission."

[CloudCastr](#) is a single web-based dashboard that integrates all of a business' network devices and security software that exists across multiple locations. The intelligently designed interface provides visual, real-time dynamic monitoring and reporting on threat levels and overall network security. It allows VirtualArmour customers to understand and mitigate threats in real time. CloudCastr also provides VirtualArmour visibility into a customer's network and supports rapid 24/7 response time from its global security operation centers.
